

Alberta Rowing Association

Stage Three - Covid 19 Protocols

Began July 1st, 2021

Thursday July 1st the Alberta Government announced its [Open for Summer Plans](#).

With the province essentially moving to no restrictions relative to Covid protocols/guidelines it is important to reiterate that the Alberta Rowing Association is continuing to advise all clubs to follow, as a minimum, the guidelines of their region (county, town or other). Where it is prudent any club should feel comfortable using more stringent precautions than those of their region.

Please contact Peter Walsh if you have any questions.
